# Thank You Advisors!

Being an advisor is one of the most stressful positions at Attleboro High School. So to have two amazing advisors, Mrs. Rego and Mr. Reilly, is something we are all very thankful for. Their hard work and dedication has not gone unnoticed as they were the foundation of our class for the past four years of our lives.and we are forever thankful.

# Class History

"It was the best of times, it was the worst of times."

Our high school years were not the best years of our lives and definitely not our worst either. They were the times of lessons learned, mistakes made, bonds broken while some times take root but most importantly they were when we figured out who we are and what's important to us. Freshman year itself was marked by the 26 Acts of Kindness, in support of the 26 victims of the Sandy Hook Elementary School Shooting. The mere fact that during our very first year of high school we were able to bond with and become a part of the Blue Pride community during a time of grief and reflection foreshadowed what we would become in the years to follow. We started off strong and united, something we must always carry with us through our lives.

Sophomore year we became more settled in and comfortable here at AHS, which led to a little recklessness... I think we all remember the day that the intercom was hacked by those who will remain namless but who we all know. Then a girl (who we also will not name) took the courage to hack the intercom and call out the OG hackers for being "just annoying". We will forever salute you, 'she-who-will-not-be-named.'

Junior year was the year of glo'ing up. The miracle and blessing that is puberty at its very finest. All at once we were a mass of attractive, self-assured, license-holding, car-driving teenagers and it was great. It was the year of the SATs, the year without the real stress of college, the true good ol' days. It was also the year of the never-ending January-February vacation when we missed so much school due to the snow that we actually missed coming to school. The seniors that year were truly blessed with luck as the rest of us were stuck in this crock-pot that is the school during June while they were out celebrating their new found freedom. And let's not forget Junior Prom when we made the dance floor our own personal trampoline. All you could see were the bobbing heads, hairpins flying astray, and heels discarded under clothed tables while we danced to songs like "Trap Queen," "Superbass," and "Uptown Funk." The night was ended by the beautiful song "Don't Stop Believing" by Journey. Classic.

Senior year we just can't stop winning! Winning the spirit rally united us as a class, chanting for every participant and working together truly illustrated the love and bonds we've created throughout our four years at AHS. No one will ever be able to forget the moment our football team totally dominated North at the Thanksgiving Day Game! Not to mention we totally killed at penny war... Sorry juniors.

Senior year has been a little stressful, we're all going through a whirlwind of events and emotions as we continue to make decisions about our futures. But we must hold on to the memories we have all made during our four years here at AHS because it is those memories who have created who we are today. The kindness, innocent pranks, successes, and even the obstacles we have overcome here will contribute to who we become. As you move on in the world remember what we became here. Be great. Be resilient. Be loud. Be kind. Be open. And most importantly, be Blue Pride.
